

GISmo to GISmapp

2021
GISmapp CIV/065 released

2022
GISmapp drainage / networked linear assets
GISmo retired

2000
GPS selective availability switched off
Compaq iPaq 'Handheld' pocket PC released and IBM 1Gb hard drive

2001
First mobile prototype of GISmo

2002
GISmo RT/030 released (Railtrack)

2004
GISmo RT/065 released (Railtrack) EA Post Flood Surveys

2006
GISmo RT/065 released (HS1) Bluetooth cameras introduced

2008
GISmo CIV/065:
• Network Rail released (National)
• Northern Ireland Railways (Translink)

2009
First Apple iPhone 3G and app store released

2010
Motorola MC65 'rugged'
Windows mobile introduced

2014
Southern Earthworks COBRA event
CIV/065 hazard index algorithm update
JNote (GISmapp prototype for COBRA)
COBRA event
AssetCoast developed
GISmapp released to JBA users

2015
Local authorities first usage of GISmapp
Network Rail system integration and interfaces
GISmapp released for iOS on Apple app store
GISmapp AssetCoast

2016
GISmapp T98 (Wigan)

2018
GISmapp LUCAS
Network Rail II Interim provision project

2019
GISmapp Tunnel Defects (NR)
GISmapp CIV/065 released (NR/NIR)

2020
GISmapp for Evaluations released

■ GISmo - - - GISmo path ■ GISmapp - - - GISmapp continuous

Definitions:
NR – Network Rail
II – Intelligent Infrastructure
NIR – Northern Ireland Railways
EA – Environment Agency
HS1 – High Speed 1
COBRA – Cabinet Office Board Room A
LUCAS – Land Use and Coverage Area frame Survey
RT/030, RT/065, CIV/065 – Earthwork Examinations
GPS – Global Position System
